

Technical drawing of a window frame assembly, showing the frame, sash, and hardware.

A 3D perspective drawing of a square plate. The plate is white with a black outline. A small yellow dot is located at the bottom-right corner of the front face. The plate is shown from an isometric perspective, giving it a three-dimensional appearance.

A diagram showing a bolt and a nut. The bolt is a long cylinder with a hexagonal head on the left. The nut is a smaller hexagonal cylinder that is threaded onto the bolt. The bolt is shown in a perspective view, and the nut is shown in a top-down view.
